TWO SCORE INJURED

WORST B. & O. WRECK IN YEARS NEAR WHEELING, W. VA.

Cannon-Ball Express Jumped the Track on a Bridge and Three Cars Went Down a Bank.

ONLY TWO KILLED OUTRIGHT

MAIL CAR, SMOKER AND PULLMAN COMPLETELY DEMOLISHED.

Long List of Mangled Men, Women and Children, Some of Whom Are Fatally Hurt.

WHEELING, W. Va., Nov. 3.—The worst railroad wreck in the immediate vicinity of Wheeling for many years occurred shortly before 10 o'clock this morning at El Grove, five miles east on the Pittsburg division of the Baltimore & Ohio road. The Pittsburg-Cincinnati express, commonly known as the Cannon-ball, jumped the track on a bridge over Wheeling creek, owing to a broken flange on a wheel of the smoking car. The engine, tender and baggage car kept the track, while the mail car, smoker and Pullman parlor car went over a bank about sixteen feet high. The day coach turned completely over and the other two lay on their sides. The cars were completely demolished, seeming to have been thrown some distance through the air.

So far only two deaths have resulted. A woman, thought to be Mrs. Miranda Hare, of Kittanning, Pa., but not positively identified, owing to the way she was disfigured, jumped from the car and was instantly killed. The eight-month-old baby of Lawrence Bartley, of Pittsburg, was sitting on its father's lap when the accident occurred. It was so badly injured that it died in a few minutes, while neither the father nor mother was hurt. They were coming to Wheeling to attend the funeral of a relative. The exact number of injured is hard to tell reliably. Nine were taken to the City Hospital and three to the Wheeling Hospital. The first four names are at houses near the scene of the accident. Ten or a dozen surgeons and the wrecking crew were summoned at once. Not less than 10,000 people visited the scene of the wreck, the Wheeling & Elm Grove railroad running special excursion trains, all crowded. Of those who were hurt several will die.

SHORTIS IS GUILTY

SON OF WEALTHY PARENTS TO HANG FOR MURDER IN QUEBEC.

History of the Cold-Blooded Double Crime Committed by Francis Cathbert Valentine Shortis.

BEAUMONT, Que., Nov. 3.—Francis Cathbert Valentine Shortis, who shot and killed John Loy and Maxime Leboeuf in the Valleyfield cotton mill on the night of March 1, 1886, was today found guilty of murder in the first degree. The jury, after a long deliberation, returned a verdict of guilty on the charge of murder. The case was concluded Saturday evening and the jury was then locked up until this morning, as they desired to deliberate on questions submitted to them by the judge. The plea set up by the defense was that of insanity, and it was with this point that the judge's questions had to deal. The verdict, however, was that the state of mind of the prisoner at the time of committing the crime was not such that rendered him incapable of judging the nature and quality of his acts or of knowing that such act of murder was doing wrong.

Francis Cathbert Valentine Shortis was sent out to Canada in the hope that he would settle down to some business for which he was suited. After spending some time in Montreal, he obtained a position in the Montreal cotton mills at Valleyfield, Que. Here he was found to be of little use, and had frequent disagreements with the manager, which finally ended in his severing his connection with the company. On the night of the 1st of March he entered the office of the mills, ostensibly to pay a visit to his former employers, but in reality to seek revenge. He was armed with a revolver, and he fired at the manager, who was killed. He then turned on the other employees, who were also killed. The case was concluded Saturday evening and the jury was then locked up until this morning, as they desired to deliberate on questions submitted to them by the judge. The plea set up by the defense was that of insanity, and it was with this point that the judge's questions had to deal. The verdict, however, was that the state of mind of the prisoner at the time of committing the crime was not such that rendered him incapable of judging the nature and quality of his acts or of knowing that such act of murder was doing wrong.

SLASHED BY A BEGGAR

COLUMBIAN MAN MURDEROUSLY CUT FOR REFUSING TO GIVE.

Experience of William Gibson with a Negro Mendicant Whom He Had Often Befriended.

Special to the Indianapolis Journal.

COLUMBIAN, Ind., Nov. 3.—Late last night a young man named Stewart, accompanied by William Gibson, was walking down Washington street, when Daniel Cheatem, a negro beggar, asked Stewart for money. Gibson, who knew Cheatem, upbraided him for asking a stranger for money. Cheatem grew angry and started toward Gibson with a razor and cut his coat badly. Gibson pushed him away and turned to speak to a friend, when the negro attacked him from behind and cut his face and neck badly, just missing the jugular vein. Gibson was taken at once to a hospital, where his wounds were dressed. He was very weak from the loss of blood, and was compelled to remain at the hospital over night. Cheatem was arrested this morning. He has been considered a dangerous man by the police for some time. He lived by begging, and Gibson had befriended him many times.

2,000 ACRES BURNED.

Lake County Fire Departments Fighting Flames All Day Sunday.

WHITING, Ind., Nov. 3.—The prairie fires which have been burning south of here for the past two weeks have finally reached the border of this place, and have been raging to-day on the south edge of town in the district known as Robersdale and about the Sheffield race track. At noon to-day the alarm of fire was given, and the neighboring fire departments were called out and have been fighting the flames all afternoon. About two thousand acres between here and Hammond have been burned, and the country is a kind of peat, and is still burning.

FATHER MEVOY'S FRIENDS

Will Petition to Have Him Retained at Terre Haute.

Special to the Indianapolis Journal.

TERRE HAUTE, Ind., Nov. 3.—The parishioners and the public generally much regret the decision of the provincial of the Franciscan order to send away Father McEvoy, who has been the pastor of St. Joseph's Church for twenty-four years, and to-day, at the services in the church, a notice, signed by half a dozen leading citizens and church members, was handed to the provincial, asking him to retain each member of the congregation calling a public meeting for to-morrow night to take action looking to a movement to secure Father McEvoy's return to this city.

The decision will be made in a few days. The decision will be made in a few days.

Spiritualists Lose a Damage Suit.

Special to the Indianapolis Journal.

ANDERSON, Ind., Nov. 3.—The trial in the Circuit Court of this (Madison) county that has been engaging the attention of Anderson and the Spiritualists of Indiana, came to an end last night. Elder Covert, of the Church of God, has been winning war on the methods of Spiritualists ever since he came to Anderson, and was made the defendant in a test case. The Spiritualists, in result of some of his utterances, the plaintiff was Mrs. Hilliges, who is well known in the county. The case was stubbornly contested on both sides. The jury retired last night and after a deliberation of but twenty minutes returned a verdict in favor of the defendant. The Spiritualists are much disappointed over the result. It is thought that the Spiritualists have been waging for months. If the jury had returned a verdict for Mrs. Hilliges there would have been a hundred other suits at once against Elder Covert.

ATTEMPTS TO BURN A CHILDREN'S HOME.

ONK RIDGE SANITARIUM BURNS.

CLEVELAND, O., Nov. 3.—The Oak Ridge Sanitarium, at Green Spring, O., a four-story brick structure, one hundred feet square, was destroyed by fire at 5 o'clock this morning. The forty-eight guests, most of whom were invalids, all escaped, many of them having been awakened by the fire. The building, the loss will be in the neighborhood of \$50,000, with an insurance of \$40,000. The building was owned by Johnson & Cobb, of this city.

BLAZE 600 FEET UNDER GROUND.

WILKESBARRE, Pa., Nov. 3.—A spark from a pipe which an employee was smoking set fire to the hay in the stable in the Dorrance mine last night. The stable is six hundred feet below the surface. Some of the attendants say a large number of miners fought the fire all night. It was not gotten under control until 5 o'clock this morning. Eighteen miles of pipe, and other property to the value of \$50,000 was destroyed.

HALF OF THE VILLAGE DESTROYED.

CORNWALL, Ont., Nov. 3.—Half the village of Lancaster, a short distance from this town, was wiped out by a fire which broke out this morning. The loss, including all the principal stores, hotels and many private residences, amounts to \$50,000, with about \$10,000 insurance.

MILL AND SEVEN HOMES BURNED.

ICE-BOUND WHALERS.

Vessels Now in the Arctic Region Will Be Imprisoned.

SAN FRANCISCO, Nov. 3.—Schooner Rosario arrived from the Arctic ocean, bringing 4,000 pounds of bone, the residue of a catch of five whales. She is the first of the whaling fleet to reach port from the north and it is within the limits of possibility that she may be the last. When she left the ocean the ice was forming very fast, and it is heavier than it has been for many years. The Rosario brings confirmation of the news of a very poor catch in the ice. From the report of the Rosario it looks as if the entire fleet would be caught in the ice. The steam whalers are amply provided with stores with which to spend another winter in the ice, but the sailing vessels are up in the Arctic region and under much less favorable conditions. The majority of the whalers are provisioned with only enough stores to last them through the summer, and if they are compelled to spend the winter in the north, starvation stares the whalers in the face.

WENT TO THE TRAIN TO MEET JIM, BUT CORBETT WAS NOT ABOARD.

Plans of the Two Big Fellows Not Definitely Settled—Gardner Rides a Mile in 1:45 1-5.

LITTLE ROCK, Ark., Nov. 3.—Excitement over the prize fight question has entirely died out and things settled down to a normal condition. Bob Fitzsimmons spent the day with a party of local admirers, and in the evening went to the meeting in company with a party of newspaper men to meet the cannon ball from Hot Springs, when Corbett was expected to arrive. A large crowd followed, probably in anticipation of an impromptu set-to, but Corbett was not on the train, and had he been, trouble would hardly have occurred, as Fitzsimmons was in a most happy mood. Corbett and party left Hot Springs at 8 o'clock and party left Hot Springs at 8 o'clock and party left Hot Springs at 8 o'clock.

Incendiaries Make Three Attempts in One Day to Burn the Speed Home for Infants at Cleveland.

NEW YORK, Nov. 3.—Several lives were lost in the fire which started about 1 a. m. this morning on the second floor of the six-story brick building at No. 7 Pelham street, owned by Well & Meyer, and used as a baby house. The fire started in a room where a baby was sleeping, and it spread rapidly through the building and the flames for hours, nothing could be done to save the structures themselves, and the four buildings at Nos. 3, 5, 7 and 9 Pelham street were completely destroyed. Samuel Schuchter, of No. 7, is still in the hospital with both legs broken.

AMERICAN SHOES SOLD IN GERMANY.

WASHINGTON, Nov. 3.—Consul Stephan, writing from Amberg to the State Department, reports the development of a keen competition in the shoe trade of Berlin, due largely to the effort to introduce foreign goods into the market. He says that a Boston manufacturer, having secured a license to import shoes into Germany, is now competing with the local makers and it is hard to compete with the American goods. He also notes the fact that the German market is being flooded with cheap shoes, and that the American market is being flooded with cheap shoes.

THE HOUSE CLERKSHIP

PENNSYLVANIA AND NEW YORK IN A McDOWELL COMBINATION.

One Expects to Get the Clerkship, While the Other Is After the Office of Doorkeeper.

Special to the Indianapolis Journal.

WASHINGTON, Nov. 3.—The first step in the coming fight for the offices of the next House was taken to-day when Representative Stone, of Pennsylvania, arrived at the headquarters of the McDowell combination, for the important office of the House after the speakership of the House, which will be the pivot around which all the other contests will turn. The McDowell headquarters will be at Willard's Hotel. It is very significant that Mr. Stone announced this evening that Representative Haddock, of New York, will shortly come to Washington about the campaign for Doorkeeper for Mr. W. J. Glenn, of Cuba. New York, and that the McDowell and Glenn headquarters will be in the same rooms. This indicates beyond a doubt that New York and Pennsylvania have formed a combination for mutual support. The McDowell and Glenn are also favorably inclined to the aspirations of Ben Russell, ex-Speaker of the Missouri House of Delegates, for Sergeant-at-Arms. If this combination holds, Pennsylvania, New York and Missouri will vote for an Ohio man for postmaster, and will yield to Kansas's expressed wish for the chaplaincy. The weak point about the candidacy of all the men except McDowell is that they have not open headquarters for ex-Representative Henderson, who is the Illinois candidate for the clerkship. McDowell, however, seems to have the inside track if the New York-Pennsylvania arrangement lasts. Mr. Quay and Mr. Platt look favorably on it. It seems curious that far at least, of the wishes of Indiana, which has a delegation of thirteen votes, and which is not generally lost in the push.

SURGEON-GENERAL'S REPORT.

New Medical Treatment Discussed—Naval Academy Football.

WASHINGTON, Nov. 3.—In his annual report to the Secretary of the Navy, Surgeon-general Tron discusses new medical treatment at length. The favorable opinion entertained of the value of strychnin in the treatment of pneumonia, he says, has been further strengthened by the experience of its use. During two years, forty-six cases of acute lobar pneumonia have been treated in the New York hospital with three deaths, a mortality of 6.6 per cent. Attention is called to the number of casualties at the naval academy resulting from
